

CANADA GREENER HOMES GRANT JOURNEY GUIDE

The Canada Greener Homes Grant help homeowners make their homes more energy-efficient, create new jobs across Canada for energy advisors, grow our domestic green supply chains, and fight climate change.

Polar Windows has been known for high performance for since 1976 through innovative design and by recognizing global trends that maximize energy efficiency.

Let us help guide you through your journey.

Canada Greener Homes Grant

Natural Resources Canada has committed to help homeowners improve their home energy efficiency by providing up to 700,000 grants of up to \$5,000 to help homeowners make energy efficient improvements to their homes, supported by an **EnerGuide** evaluation. This initiative will complement existing provincial and municipal energy efficiency programs and is in effect for eligible retrofits done after December 1, 2020 until March 2028.

Go online to learn more about the program and register at <https://www.nrcan.gc.ca/energy-efficiency/homes/canada-greener-homes-grant/23441>

Schedule an EnerGuide evaluation.

Complete at least one energy efficiency retrofit, that is both eligible and recommended by the energy advisor in their report, to qualify for cost reimbursed up to \$600. for the pre and post retrofit EnerGuide evaluations.

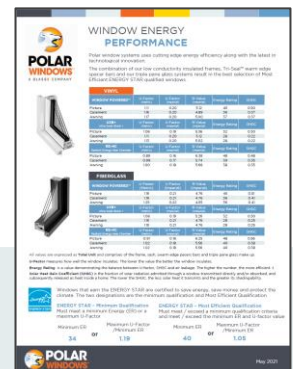

Submit your receipts and forms for reimbursement and track payment.
